Rain Policy:

All assigned Referees MUST go to their field assignments for that particular date unless you receive some form of communication from the Referee Assignor(s) or the League Representative (NOT Team Managers) that the game has been canceled. Upon arrival at the field the Referee will determine if the match is playable. If the match is unplayable the entire crew is ONLY entitled to ½ the Referee game fee. Referees not following the above rain policy will be considered as a MISSED ASSIGNMENT and will be put in bad standing. NOTE: If the town or owner/operator closes a field there will be no game. The team representative must notify one of the Assignor(s) or the League Representative in order that they notify the Referee crew. Teams/Leagues making game changes/cancellations without notifying the Assignors will be assessed a full fee for the Referee crew.

Check the league that you are scheduled to officiate; some have a phone hotline or web page for weather related cancellations.

Referee Game Assignments and Referee Assessments for most competitions will be scheduled on the web through:

<https://csrp.ctreferee.net>

CSSA "Point of Emphasis"

The Connecticut State Soccer Association requests (CSSA) that a Laws Of The Game "Point of Emphasis" be observed by all adult match-assigned Referees prior to the start of competitive men's adult league matches (men's Open, U-23, O-30, O-40 to O-50 leagues and divisions), and co-ed leagues.

This is a request derived from a CSSA Special Committee on Referee Abuse that recently met. The Committee recommended that the following LOTG be emphasized:

LAW 12 - FOULS AND MISCONDUCT - Sending-off offences

Specifically:

USING OFFENSIVE, INSULTING OR ABUSIVE LANGUAGE AND/OR GESTURES

CSSA requests that assigned Referees issue a Red-Card to any player who verbally abuses them, or anyone else. Too many times we are getting reports of only a yellow-card (or no card at all) being issued when a Referee is verbally abused; while the LOTG require a Red Card.

CSSA President
